Maine Association
of Nonprofits

2011–2012

Annual Report

Dear Friends,

Nonprofits matter. Scratch the surface of why people love Maine and you'll find a strong network of nonprofit organizations delivering on their mission. Maine's nonprofits protect the environment, care for our most vulnerable citizens, support arts and culture, educate our children, develop community leaders, and sustain our spirit.

Over the past 18 years, MANP has grown to become a critical resource for the tools, knowledge, and connections Maine nonprofits need to be effective and well-run. Statewide membership has grown to more than 750 organizations because, in one member's words, "MANP is the go-to organization that is in touch with the pulse of the nonprofit world and is the best advocate for the sector."

It is an honor to support and serve the organizations that promote the values and ideals that attract so many to our quality of life. We sincerely thank our members and supporters for their continued confidence in us.

—Jennifer Hutchins, Board President

—Scott Schnapp, Executive Director

Our mission is to strengthen the leadership, voice, and organizational effectiveness of our state's nonprofits so that they can better enrich the quality of community and personal life in Maine.

Maine Association of Nonprofits

565 Congress Street
Portland Maine 04101

www.NonProfitMaine.org

phone: 207.871.1885
fax: 207.780.0346

Our sincere thanks to those who have made this past year a success. While great care has been given to ensure the accuracy of the information contained in this annual report, we deeply regret any omissions.

Annual Report designed
by Jodie Lapchick,
Lapchick+Co.

You may have noticed
MANP's **new look**.

As our primary focus over
the past decade has been
on the **expansion of
programs, services
and membership
value**, we felt this was the
perfect time to align the
MANP brand with the level
of our services.

Our goal in doing so is to
**promote the work
of Maine nonprofits**
through member photos
(thanks to all of you who
participated!), reflect
**the vibrancy of the
sector** with bright colors,
and highlight important
information about MANP
and the sector through
bold graphics.

In November you'll notice
MANP's new brand in our
MaineBiz ad campaign
(right) and all new
publications, culminating
with **a new website**
scheduled to launch in
February 2013.

Enjoy!

**We help nonprofits
help Maine.**

Joining +
supporting
MANP is an
investment
in what our
nonprofits deliver
every day for the
people, economy
and future of
Maine.

Advancing the public profile

Our future prosperity will depend on advancing creative solutions to address community challenges. We work to advance creative public policy supportive of Maine nonprofits and raise the awareness of the critical role of nonprofits in our society. **We testified** against five bills in the Maine legislature detrimental to the health of the nonprofit sector. Each bill was defeated. **We proposed amendments** or supplied information on three bills affecting nonprofits and provided key testimony in favor of a prompt payment bill which

passed unanimously out of committee. Our "Governor's Business Workshops Closed to Nonprofit Businesses" blog posting, which was viewed over 1,300 times, garnered several positive stories in mainstream media **raising the awareness that nonprofits are a big part of Maine's small business community**. And we hosted our Annual Nonprofit Day at the State House, featuring nonprofit exhibits and sector-wide research, with **record attendance by sitting law makers** and excellent press coverage. Since its inception, 120 nonprofit members

have exhibited in the Hall of Flags on Nonprofit Day. In 2013, in honor of our 10th Annual Nonprofit Day, we will expand activities to span three days. ●

Connecting people+resources

MANP believes in the power of networks to **increase collective impact** and is a leader in convening people and organizations across sectors to **foster collaborative approaches** to pressing issues and opportunities. In partnership with diverse Maine health & human service providers, MANP promoted four **administrative streamlining proposals** to DHHS, which were heartily endorsed by the Commissioner and her staff. Implementation of all four recommendations has either begun or has been completed. 22 **emerging**

leaders took part in the 2011 Food Leaders Forum for Sustainable Agriculture, strengthening the local foods movement with support from the Broadreach Fund. In 2012, we developed this program into the **Sustainable Food Systems Leadership Institute**, which will be launched in 2013, thanks to support from the Kendall Foundation. MANP supported Maine Network Partners in launching the Network Fellows Program to **foster peer-to-peer learning**. MANP also connects nonprofits and resources to increase the sector's capacity to maintain and improve the quality

of life in Maine. Over **400,000 job seekers** learned about **potential nonprofit employers**, and more than 1,000 users accessed information about 60+ **local business and consultants** through our searchable Yellow Pages. ●

Strengthening Maine nonprofits

MANP strengthens nonprofits through a comprehensive range of programs and services. Dozens of talented volunteer experts offered popular SkillBuilders **statewide** to staff and board members, and these professional development workshops are accessible to all thanks to generous sponsors. Following an enthusiastic response to our Leadership Institute, we partnered with nationally-recognized experts Starboard Leadership Consulting and Nonprofit Finance Fund to expand other **learning intensive opportunities**, such as our Board

Boot Camp and Camp Finance. 30 nonprofit organizations completed the Nonprofit Effectiveness Initiative designed to **strengthen performance and increase collaboration** to advance shared mission. Overall more than 1,000 nonprofit staff and board members were **empowered with new knowledge and skills** through MANP's education offerings across 13 Maine counties. Moving forward, MANP will expand options for nonprofits and networks to request **customized trainings**, such as Board Boot Camp or SkillBuilders. MANP

augments in-person learning opportunities with **extensive electronic tools and support**. Over 7,000 subscribers receive the resource-packed NonprofitMaine Weekly and 100,000+ unique web visitors found training, built knowledge and sought or posted jobs. Specifically, MANP educated over 3,500 website visitors about sector **best practices** through our publication Guiding Principles & Practices for Nonprofit Excellence. The future will bring further education program enrichments and a cleaner, simpler website with enhanced content. ●

“MANP’s
Leadership
Institute
was a wonderful
learning
experience . . .
I would
recommend it
highly to any
executive director.”

—Executive Director,
MANP Member Organization

Thank you!
